

Sushant Garudkar

AI/ML | Data Scientist | Full Stack Software Development

✉ garudkar.sa@gmail.com ☎ +917387382535 📍 Pune, India 🌐 <https://sushantgarudkar.in>

Summary

I am professionally a data scientist who helps companies extract insights from data and take data driven decisions. I come from full stack software + data science background which helps tackle AI engineering challenges and build data driven applications.

Skills

Python

SQL/Spark/Pandas

Scikit-Learn/PyTorch

GCP-Firebase/AWS S3

Langchain/Google ADK

Fast API

Docker

PyTest

Snowflake

Experience

Allstate India

Data Scientist Consultant I

Pune, India

July 2026 - Present

Allstate India

Data Scientist Analyst III

Pune, India

July 2025 - June 2026

Allstate India

Apprentice Associate III (Data Science)

Pune, India

September 2024 - July 2025

Projects

Custom Implementation of Claude Code

- Built a Claude Code-inspired agentic coding assistant practice autonomous workflows, tool use, and iterative code generation.
- Gained hands-on experience with agent loops, task decomposition, file editing, execution feedback, and LLM-based software engineering.

AgentIQ – Production-Grade Enterprise RAG System

- Built an **enterprise RAG system** using Gemini embeddings, Firestore vector search, and Python for semantic document retrieval.
- Designed a scalable **batch ingestion and vector indexing pipeline** to support enterprise GenAI and agentic AI workflows.

Education

IIIT Dharwad

Data Science and Artificial Intelligence

Master of Technology

October 2025 - Present

Savitribai Phule Pune University

Computer Engineering

Bachelor of Engineering • 8.66 CGPA

August 2019 - April 2023

Certifications

Professional Certification in AI and Emerging Technologies

IIT Hyderabad

July 2023 - January 2024

Languages

English

Hindi

Marathi
